

## **Curriculum: Enrichment Overview, Theddlethorpe Academy 2021-22**

Our plans for enrichment are quite different for this term, due to current restrictions. However, this is always an important focus for us and we are exploring as many different ways as possible to enhance wider skills and knowledge, alongside the normal curriculum. I have included some of our main areas of focus to highlight some of the priorities that we feel are particularly important this year.

### **Links to Business Plan Priorities 2021-22:**

*A1: Continually improve the performance of students in Key Stages 1 and 2 and increase the proportion of KS2 students who achieve maths and greater depth, compared to 2019 outcomes.*

*A4: Encourage students to read more frequently and widely, with fluency and age-appropriate comprehension, as the school year progresses.*

*B3: Continue to encourage and support students' positive attitude to learning, where they show resilience and pride in their work, in line with the Academy's values. (PACE)*

*C1: Extension of education and extracurricular activities, such as sports, to provide students with additional opportunities to strengthen their character and broaden their interests.*

*C2: The curriculum to go beyond the academic and promotes students' overall development, which includes their spiritual, moral, social, cultural and mental well-being.*

*D3: Continue to broaden community ties to include people from other cultures through networks, learning partnerships, and participation in community activities. As much as possible, collaborate with local and national organisations to provide educational opportunities for students.*

### **Spring Term 2021:**

<b>Date</b>	<b>Main Focus e.g. visit,</b>	<b>Brief Summary</b>	<b>Link to Business Plan</b>	<b>Who will organise and/or lead the event?</b>	<b>Who does this involve?</b>
