

Year 5

Click on the link: <https://whiterosemaths.com/homelearning/year-5/>

Then click on **Summer Term – Week 8**. This week will focus on fractions, decimals and percentages.

Lesson 1: Understand percentages.

Lesson 2: Percentages as fractions and decimals.

Lesson 3: Adding decimals with the same number of decimal places.

Lesson 4: Adding decimals with a different number of decimal places.

Lesson 5: Friday Maths Challenge.

Just follow these four easy steps...

1. Follow the link and click on the set of lessons e.g. Summer Term Week 8.
2. Watch the video. You can pause it whenever you need to or if you need something explained in a different way.
3. Find a calm space where you can work for about 20-30 minutes and then complete the activity that accompanies the video.
4. Use the video guidance to help you as you work through a lesson. For some extra practice, click on the BBC Bitesize link.
5. Aim to complete as much as you can. The answer sheets are attached; therefore, a helper can go through these with you.

Year 6

Click on the link: <https://whiterosemaths.com/homelearning/year-6/>

Then click on **Summer Term – Week 8**. This week, Year 6 will focus on

Lesson 1: Solve 2-step equations.

Lesson 2: Find pairs of values.

Lesson 3: Convert metric measures.

Lesson 4: Miles and kilometres.

Lesson 5: Friday Maths Challenge.
