

Your Maths Lessons and Activities this week are from [White Rose](#)

White Rose have released a set of 5 lessons online last week **which included videos which explain the basic principles of the focus skill.**

These videos are really helpful – I recommend watching them if you can:

You can pause, rewind and re-watch this as much as you need to. There are also some examples to have a go at – like we would do in a lesson before moving onto the main activity.

Year 3: <https://whiterosemaths.com/homelearning/year-3/>

Summer Term Week 12 – Measurement and Statistics

Lesson 1: Compare capacity

Lesson 2: Add and subtract capacity

Lesson 3: Pictograms

Lesson 4: Bar charts

Lesson 5: BBC Bitesize Challenge

Please also complete the **Times Tables booklet** for this week.

Aim to complete as many of the lessons as you can.

Year 4: <https://whiterosemaths.com/homelearning/year-4/>

Summer Term Week 12 – Properties of shapes

Lesson 1: Lines of symmetry

Lesson 2: Complete a symmetric figure

Lesson 3: Describe position

Lesson 4: Draw on a grid

Lesson 5: BBC Bitesize Challenge

Please also complete the **Times Tables booklet** for this week.

Aim to complete as many of the lessons as you can.

Please download the activities from The FROG as I am unable to put them onto the School's Website.

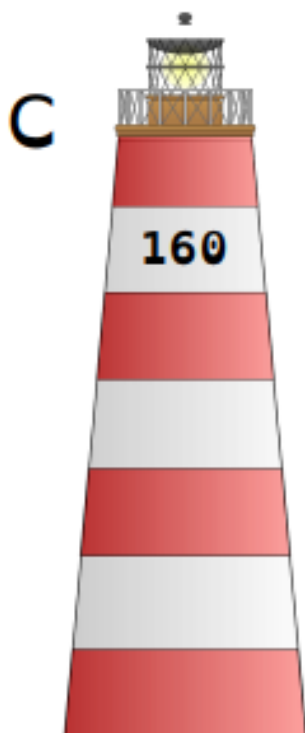

There is also a summer themed activity booklet for each year group!

Please see below for some maths activities linked to your English work this week!

Lighthouse Maths

With each 'step' up the lighthouse, the number doubles. Can you fill all of the spaces?

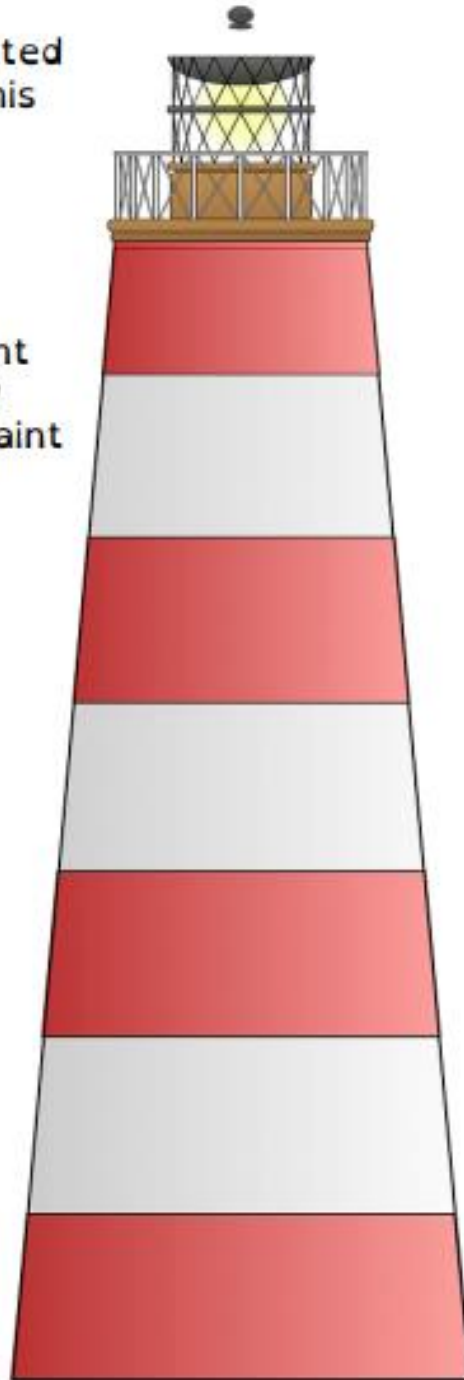

The Lighthouse

Lighthouse challenge

The lighthouse keeper painted stripes on the outside of this lighthouse.

Red paint costs £18.00
White paint costs £14.00

The lighthouse keeper spent exactly £200 on paint. How many tins of each colour paint did he buy?

The Lighthouse

Can you draw the other half of the lighthouse?
